## OCEAN SAFETY TIPS

- If in doubt, don't go out!
- Never swim alone
- Look for, read and obey all beach and safety signs
- If you are unable to swim out of a strong current, signal for help
- Rely on your swimming ability rather than a flotation device
- Protect the environment. Retain from touching all reefs. Help keep the beaches clean and Hawaii beautiful.
- Do not dive into unknown water or into shallow breaking waves
- Do not attempt to dive over large waves
